SUBJECT INDEX

1979, Volume 41

- Accelerocardiogram in Valsalva manoeuvre, in normal and diabetic subjects (Hume *et al.*). 199
Acetabutolol, in reduction of early ventricular arrhythmia in myocardial infarction (Ahumada *et al.*). 654
Acromegaly, heart size and function (Mather *et al.*). 697
Adrenaline infusion, atrial pacing and autonomic blockade study: ischaemic-like ECG in asymptomatic men (Taggart *et al.*). 376, P.
Alcoholic cardiomyopathy, glyceryl trinitrate paste inducing pulsus alternans in case report (Chandraratna *et al.*). 354
Alpha and beta-adrenergic blockade, effects on nocturnal blood pressure in hypertensives (Mann *et al.*). 384, P.
Alprenolol in myocardial infarction, QT time after (Nyberg *et al.*). 452
Amiodarone in prophylaxis of various supraventricular arrhythmias (Rowland *et al.*). 372, P.
Aneurysms, postinfarction left ventricular, detection by radionuclide ventriculography (Dymond *et al.*). 68
Aneurysmectomy, failure to improve left ventricular function (Sesto *et al.*). 79
Angina pectoris
 assessment of myocardial ischaemia in ambulatory patients with (Selwyn *et al.*). 376, P.
 blood volume in (Åström *et al.*). 477
 coronary bypass surgery, multicentre prospective randomised study, survival at 2 years (Varnauskas). 363, P.
 recurrent, reoperation (Brooks *et al.*). 369, P.: risks and results (Bennett *et al.*). 370, P.
 unstable, at rest, verapamil in management (Parodi *et al.*). 167
 vasospastic, value and limitation of ergometrine in predicting (Rothman *et al.*). 370, P.
Angiography, pulmonary vein, severe complication: case report (Alpert & Culham). 727: correspondence (Singh & Astley). 740
Angiosarcoma of the heart (Shackell *et al.*). 498
Angiotensin blockade after cardiopulmonary bypass, haemodynamic effects (Taylor *et al.*). 380, P.
Aorta (aortic)
 coarctation, *see* Coarctation of the aorta
 arch, relation between ductus arteriosus, coarctation and tubular hypoplasia, 35 specimens (Ho & Anderson). 268
 cusp, prolapsed, with vegetation, echocardiographic findings: case report (Shiu *et al.*). 118
 and mitral valve surgery, elective, over 70 years of age (Canepa-Anson & Emanuel). 493
 valve, disease, pre- and postoperative left ventricular contractile function (Krayenbuehl *et al.*). 204
 stenosis, cross-sectional echocardiographic (Davies *et al.*). 374, P.
 pulmonary hypertension and sudden death (McHenry *et al.*). 463
wall echogram, posterior, evaluation in diagnosis of mitral valve disease (Hall *et al.*). 522
Apex cardiogram recorded with six different transducer systems, comparability and reproducibility (Willems *et al.*). 716
Arrhythmias
 endocardial mapping and cryosurgery for (Bentall *et al.*). 371, P.
 and Mustard's operation (Shinebourne *et al.*). 367, P.
 on and off beta-blocker therapy, ECG monitoring to assess (McKenna *et al.*). 375, P.
supraventricular, amiodarone in prophylaxis (Rowland *et al.*). 372, P.
ventricular, early, reduction by acetabutolol in myocardial infarction (Ahumada *et al.*). 654
Atrial
 appendages, left-sided juxtaposition, disposition of sinus node in (Ho *et al.*). 129
fibrillation, effects on prognosis of acute myocardial infarction (Loewy: Hunt). 255
infarction leading to rupture: case report (Cristal *et al.*). 350
septal defects, identification by cross-sectional contrast echocardiography (Bourdillon *et al.*). 382, P.
situs, determination, in three cases of absent spleen with discordant anatomy between bronchi and atria (Caruso & Becker). 559
Atrioventricular
 block, chronic, prognosis of patients paced for (Ginks, *et al.*). 633
 pacemaker technology (Sutton & Citron). 600
 and ventriculo-arterial relations, gross distortion associated with left juxtaposition of atrial appendages (Coto *et al.*). 486
Baroreflex sensitivity in hypertension during beta-adrenergic blockade (Krediet & Dunning). 106
Benzoyl-indolizine (L 9394) electrophysiological effects in man (Waleffe *et al.*). 89
Beta-adrenergic blockade
 baroreflex sensitivity in hypertension during (Krediet & Dunning). 106
 and alpha-adrenergic blockade, effects on nocturnal blood pressure in hypertensives (Mann *et al.*). 384, P.
ECG monitoring to assess arrhythmia on and off (McKenna *et al.*). 375, P.
 long-term, effects in rabbit (Evemy *et al.*). 383, P.
 see also Propranolol: Metoprolol
Bicarbonate infusions, oxygen administration and brief hyperventilation in pulmonary vascular obstructive disease (Morrison & Macartney). 584
Björk-Shiley mitral valve prosthesis, associated with near fatal puerperal thrombosis: correspondence (Rajah *et al.*). 630
Block
 atrioventricular, chronic, prognosis of patients paced for (Ginks *et al.*). 633
 bundle-branch, complete right, echophonocardiographic study of first heart sound and right ventricular contraction times (Brooks *et al.*). 637
Blood
 pressure in infancy, epidemiological study (de Swiet *et al.*). 383, P.
 nocturnal, in hypertensives and effects of alpha and beta adrenergic blockade (Mann *et al.*). 384, P.
 volume in angina pectoris (Åström *et al.*). 477

- Bundle-branch block, right, complete, echophonocardiographic study of first heart sound and right ventricular contraction times (Brooks *et al.*). 637
- Bypass surgery
 coronary, changes in regional myocardial lactate metabolism after (Bergman *et al.*). 369, *P.*
 in first year of life using profound hypothermia and circulatory arrest (Di Eusanio *et al.*). 294
 graft status after, prediction by thallium-201 exercise scintigraphy (Murray *et al.*). 369, *P.*
 haemodynamic effects of angiotensin blockade (Taylor *et al.*). 380, *P.*
- Cardiac
 failure, *see* Heart failure
 rhythm in healthy newborn infant (Southall *et al.*). 382, *P.*
 surgery, recognition and quantification of myocardial injury after by plasma enzyme and isoenzyme activities (VanDer Laarse *et al.*). 660
- Cardiomyopathic syndrome caused by coronary artery disease (Boucher *et al.*). 613
- Cardiomyopathy
 congestive, antibodies to Coxsackie B viruses (Cambridge *et al.*). 692
 hypertrophic, assessment of chest pain by thallium-201 myocardial scintigraphy (Pitcher *et al.*). 379, *P.*
 obstructive and non-obstructive hypertrophic, diagnosis, role of echocardiography (Doi *et al.*). 379, *P.*
- Cardiovascular
 drug assessment, echocardiography (Martin & Fieller). 536
 and sympathetic adaptation with bicycle exercise (Watson *et al.*). 383, *P.*
- Catecholamines
 concentration in human cardiac muscle (Petch & Nayler). 340
 uptake by human cardiac muscle in vitro (Petch & Nayler). 336
- Chest pain, with coronary arteriograms, abnormal left ventricular wall movement in (Gibson & Brown). 385
- Chylopericardium, isolated primary: case report (Ross *et al.*). 508
- Clofibrate, in primary prevention of ischaemic heart disease (Oliver). 363, *P.*
- Coarctation of the aorta
 associated with Marfanoid hypermobility syndrome: case report (Daneshwar *et al.*). 621
 tubular hypoplasia and ductus arteriosus, relation between, 35 specimens (Ho & Anderson). 268, 361, *P.*
 tubular, hypoplasia and ductus arteriosus: histological study (Ho & Anderson). 361, *P.*
- Congenital heart disease, nomenclature and classification (Tynan *et al.*). 544
- Congestive cardiomyopathy, *see* Cardiomyopathy, congestive
- Core cooling (profound hypothermia and circulatory arrest in open heart surgery in first year of life (Di Eusanio *et al.*). 294
- Coronary
 artery, left, anomalous origin, successful surgical correction: case report (Hamilton *et al.*). 121
 bypass surgery, in angina pectoris, multicentre prospective randomised study, survival at 2 years (Varnaukas). 363, *P.*
 objective non-invasive assessment (Fox *et al.*). 368, *P.*
see also Bypass surgery
 vasospasm, likely immediate cause of acute myocardial infarction (Hellstrom). 426
- care unit, mobile, measuring effect on community (Vetter *et al.*). 418
- patients treated in without acute myocardial infarction, identification of high risk subgroup (Nordlander & Nyquist). 647
- thallium-201 scintigraphy in selection of patients (Wackers *et al.*). 111
- collateral circulation during dynamic exercise evaluated by thallium-201 myocardial scintigraphy (Wainwright). 360, *P.*
- heart disease, during atrial pacing, left ventricular ejection power (Hagemann *et al.*). 231
- causing cardiomyopathic syndrome (Boucher *et al.*). 613
- changes in form and function (Somerville). 1
- cyanotic, haemostatic defects (Henriksson *et al.*). 23
- influence of cigarette smoking on morbidity, mortality and mode of death (Mulcahy *et al.*). 365, *P.*
- lung biopsy (Haworth *et al.*). 362, *P.*
- pattern of disturbed myocardial perfusion in (Oakley *et al.*). 376, *P.*
- prevalence in black schoolchildren, Soweto (McLaren *et al.*). 554
- quantification (Roberts). 363, *P.*
- severe, 12-lead maximal exercise testing as predictor (Baron *et al.*). 364, *P.*
- thallium-201 scintigraphy in evaluation (Murray *et al.*). 568
- comparison with other methods (Corne *et al.*). 575
- Correspondence
- Echocardiographic identification of aorta and main pulmonary artery in complete transposition (Satomi *et al.*: Houston *et al.*). 356, (Daniëls: Houston *et al.*). 631
- Effects of atrial fibrillation on prognosis of acute myocardial infarction (Loewy: Hunt). 255
- Near fatal puerperal thrombosis on Björk-Shiley mitral valve prosthesis (Rajah *et al.*: McLeod *et al.*). 630
- Severe complication of pulmonary vein angiography (Singh & Astley). 740
- Systolic time intervals and impedance cardiography (Spodick: Balasubramanian). 253
- Counterpulsation, arterial, in severe refractory heart failure complicating acute myocardial infarction (O'Rourke *et al.*). 308
- Coxsackie B viruses, antibodies in congestive cardiomyopathy (Cambridge *et al.*). 692
- Creatine kinase release and infarct size and ejection fraction correlation, myocardial infarction (Hori *et al.*). 433
- Cryosurgery and endocardial mapping for arrhythmias (Bentall *et al.*). 371, *P.*
- Cyanotic congenital heart disease, haemostatic defects (Henriksson *et al.*). 23
- Death, sudden
 during marathon racing, associated with hypertrophic cardiomyopathy: case report (Noakes *et al.*). 624
 and pulmonary hypertension in aortic stenosis (McHenry *et al.*). 463
- Defibrillation, ventricular (Patton). 361, *P.*
- Diabetes, Valsalva manoeuvre, left ventricular response using praecordial accelerocardiography (Hume *et al.*). 199
- Dizziness, dynamic ECGs in 405 patients (Wang *et al.*). 373, *P.*
- Doerr's theory of morphogenesis of arterial transposition (Chuaqui). 481
- Doppler echocardiography in determination of pressure gradient in mitral stenosis (Holen & Simonsen). 529
- Double outlet right ventricle with subvalvular aortic stenosis: case report (Thanopoulos *et al.*). 241
- Drugs, cardiovascular, echocardiography in assessment (Martin & Fieller). 536
- Ductus arteriosus, persistent
 failure of indomethacin to close, in infants under 1000 grams (Ivey *et al.*). 304
 poor response to oral indomethacin therapy in very low

- birthweight infants (Cooke & Pickering). 301
tubular hypoplasia and coarctation, relation between, 35
specimens (Ho & Anderson). 268, 361, *P.*
- Ebstein's anomaly of tricuspid valve and corrected transposition of great vessels, echocardiography: case report (Henry *et al.*). 249
- Echocardiography
in anomalous systemic and coronary venous return (Foale *et al.*). 381, *P.*
cross-sectional contrast, in identification of atrial septal defects (Bourdillon *et al.*). 382, *P.*
in diagnosis of obstructive and non-obstructive hypertrophic cardiomyopathy (Doi *et al.*). 379, *P.*
Doppler, in determination of pressure gradient in mitral stenosis (Holen & Simonsen). 529
identification of aorta and main pulmonary artery in complete transposition: correspondence (Daniëls: Houston *et al.*). 631
phased-array, in study of rotational excursion of heart in massive pericardial effusion (Matsuo *et al.*). 513
- Editorial: Thyroid heart disease (Symons). 257
- Ejection fraction and infarct size estimated from total CK released, myocardial infarction (Hori *et al.*). 433
- Electrocardiograms
dynamic, value in 405 patients with dizziness, syncope, or palpitation (Wang *et al.*). 373, *P.*
ischaemic-like, in asymptomatic men, studies with atrial pacing, adrenaline infusion and autonomic blockade (Taggart *et al.*). 376, *P.*
12-lead maximal exercise testing as predictor of severe coronary artery disease (Baron *et al.*). 364, *P.*
- Enzyme, plasma, determination after cardiac surgery in recognition and quantification of myocardial injury (Van Der Laarse *et al.*). 660
- Ergometrine in predicting vasospastic angina, value and limitation (Rothman *et al.*). 370, *P.*
- Exercise
bicycle, cardiovascular and sympathetic adaptation (Watson *et al.*). 383, *P.*
maximal, computer processed thallium-201 scintigrams during and 4 hours after (Layton & Stockley). 368, *P.*
maximal supine haemodynamics after open heart surgery for Fallot's tetralogy (Cumming). 683
testing and ambulatory ECG monitoring after surgical repair of Fallot's tetralogy and ventricular septal defect (Irving & Godman). 368, *P.*
thallium-201 scintigraphy evaluation (Murray). 360, *P.*: (Wainwright). 360, *P.*
- Fallot's tetralogy
before and after surgery, echocardiographical study of right and left ventricular dimension and function (Oberhansli & Friedli). 40
postoperative haemodynamics, 132 children (Joransen *et al.*). 33
- Fibrinolytic activity on Monday and on other days (Meade *et al.*). 375, *P.*
- Finite element method in analysis of left ventricular behaviour in diastole (Vinson *et al.*). 60
- Fontan operation and its modification, indications and results (O'Riordan *et al.*). 366, *P.*
- Glyceryl trinitrate
paste inducing pulsus alternans in alcoholic cardiomyopathy: case report (Chandraratna *et al.*). 354
vs post-ectopic potentiation in assessment of ischaemic left ventricle (Rickards *et al.*). 377, *P.*
- Graft status after bypass surgery, prediction by thallium-201 exercise scintigraphy (Murray *et al.*). 369, *P.*
- Hancock porcine xenograft valve prosthesis, early clinical experience (Sang *et al.*). 226
- Heart
angiosarcoma (Shackell *et al.*). 498
block, complete, and polymyositis: case report (Reid & Murdoch). 628
failure, congestive, haemodynamic effects of sodium nitroprusside (Lukes *et al.*). 187
salbutamol treatment (Poole-Wilson *et al.*). 380, *P.*
and isosorbide dinitrate alone and in combination in (Stephens *et al.*). 381, *P.*
refractory congestive, comparative effects of oral and chewable isosorbide dinitrate (Figueras *et al.*). 317
severe refractory, arterial counterpulsation in complicating acute myocardial infarction (O'Rourke *et al.*). 308
size and function in acromegaly (Mather *et al.*). 697
- Homograft aortic valve replacement, fresh unstented, 8 years experience (Thompson *et al.*). 374, *P.*
- Hydralazine in impaired left ventricular function haemodynamic effects at rest and during exercise (Ginks & Redwood). 381, *P.*
- Hypertension
baroreflex sensitivity during beta-adrenergic blockade (Krediet & Dunning). 106
labetalol treatment, haemodynamic adaptation at rest and during exercise (Koch). 192
effects of propranolol and metoprolol during exercise (Van Herwaarden *et al.*). 99
- pulmonary, primary, long-term follow-up (Suarez *et al.*). 702
and sudden death in aortic stenosis (McHenry *et al.*). 463
vascular disease, lung scan abnormalities (MacArthur *et al.*). 362, *P.*
- Hypertrophic cardiomyopathy associated with sudden death during marathon racing: case report (Noakes *et al.*). 624
- Hypertrophy, left ventricular, secondary, echocardiographic features (Gibson *et al.*). 54
- Hyperventilation, brief, oxygen administration and bicarbonate infusions in pulmonary vascular obstructive disease (Morrison & Macartney). 584
- Hypotension, orthostatic, propranolol in, case report (Brevetti *et al.*). 245
- Hypothermia, profound (core cooling) and circulatory arrest in open heart surgery in first year of life (Di Eusanio *et al.*). 294
- Impedance cardiography and systolic time intervals: correspondence (Spodick & Balasubramanian). 253
- Indomethacin therapy, oral, for persistent ductus arteriosus in very low birthweight infants (Cooke & Pickering). 301: (Ivey *et al.*). 304
- Infarct size and ejection fraction, correlation estimated from total CK released, myocardial infarction (Hori *et al.*). 433
- Infundibular right ventricular outflow tract obstruction, non-invasive diagnosis (Mills *et al.*). 382, *P.*
- Ischaemia, myocardial, in ambulatory patients with daily chest pain, assessment (Selwyn *et al.*). 376, *P.*
- Ischaemic heart disease
fibrinolytic activity on Monday and on other days (Meade *et al.*). 375, *P.*
primary prevention using clofibrate, co-operative trial (Oliver *et al.*). 363, *P.*
- Isosorbide dinitrate
oral and chewable, comparative effects in refractory congestive cardiac failure (Figueras *et al.*). 317
and oral salbutamol, alone and in combination in severe chronic congestive cardiac failure (Stephens *et al.*). 381, *P.*
- Isovolumic relaxation, relation to left ventricular wall movement in man (Chen & Gibson). 377, *P.*

- Jones, A. Morgan, Obituary. 738
- L 9394 (benzoyl-indolizine) electrophysiological effects in man (Waleffe *et al.*). 89
- Labetalol, in hypertensive treatment, haemodynamic adaptation at rest and during exercise (Koch). 192
- Lactate metabolism, myocardial, changes after coronary bypass surgery (Bergman *et al.*). 369, *P.*
- Libman-Sacks endocarditis, mitral valve replacement for mitral stenosis caused by: case report (Vaughton *et al.*). 730
- Lung biopsy in congenital heart disease (Haworth *et al.*). 362, *P.*
scan abnormalities in hypertensive pulmonary vascular disease (MacArthur *et al.*). 362, *P.*
- Mapping, endocardial, and cryosurgery for arrhythmias (Bentall *et al.*). 371, *P.*
- Marathon racing, sudden death during associated with hypertrophic cardiomyopathy: case report (Noakes *et al.*). 624
- Marfanoid hypermobility syndrome associated with coarctation of the aorta: case report (Daneshwar *et al.*). 621
- Metoprolol and propranolol, effects on haemodynamic and respiratory indices and on perceived exertion during exercise in hypertensive patients (Van Herwaarden *et al.*). 99
- Mexiletine, haemodynamic effects (Campbell *et al.*). 182
- Mitral and aortic valve surgery, elective, over 70 years of age (Canepa-Anson & Emanuel). 493
valve disease, evaluation of posterior aortic wall echogram in diagnosis (Hall *et al.*). 522
prosthesis, Björk-Shiley, associated with near fatal puerperal thrombosis: correspondence (Rajah *et al.*; McLeod *et al.*). 630
replacement for mitral stenosis caused by Libman-Sacks endocarditis (Vaughton *et al.*). 730
porcine heterograft, in mitral position, clinical and haemodynamic evaluation (Cotter & Miller). 412
regurgitation, correlation of echocardiographic, surgical, and pathological findings (Mills *et al.*). 374, *P.*
stenosis caused by Libman-Sacks endocarditis, mitral valve replacement (Vaughton *et al.*). 730
determination of pressure gradient with Doppler echocardiography (Holen & Simonsen). 529
with high left ventricular diastolic pressure (Traill *et al.*). 405
posterior leaflet movement, after mitral valve repair (Thomas *et al.*). 399
valvotomy, echocardiographic and exercise evaluation of results (Shiu *et al.*). 139
- Morgan Jones, A. Obituary. 738
- Mustard's operation and arrhythmias (Shinebourne *et al.*). 367, *P.*
- Myocardial infarct size, estimation using 99m Tc polyphosphate (Davies *et al.*). 668
infarction, arterial counterpulsation in severe refractory heart failure complicating (O'Rourke *et al.*). 308
atrial fibrillation, effects on prognosis: correspondence (Loewy; Hunt). 255
cigarette smoking, influence on morbidity, mortality, and mode of death (Mulcahy *et al.*). 365, *P.*
coronary artery vasospasm as likely cause (Hellstrom). 426
ejection fraction and infarct size estimated from total CK released (Hori *et al.*). 433
multicentre propranolol post-infarction trial (Baber *et al.*). 365, *P.*
normalisation of ECG after treatment with beta-blockers (Yusuf *et al.*). 364, *P.*
- QT time after treatment with alprenolol or placebo (Nyberg *et al.*). 452
- reduction of early ventricular arrhythmia by acebutolol in (Ahumada *et al.*). 654
- serum myoglobin determination in diagnosis and quantitation (Maddison *et al.*). 370, *P.*
- wall motion abnormalities in, and biplane radionuclide ventriculography (Dymond *et al.*). 378, *P.*
- injury, plasma enzyme determinations to determine after cardiac surgery (Van Der Laarse *et al.*). 660
- ischaemia, electrocardiographic changes resembling in asymptomatic men with normal coronary arteriograms (Taggart *et al.*). 214
- perfusion, regional, pattern of disturbance in coronary artery disease (Oakley *et al.*). 376, *P.*
